

Why Voting for Democrats Is The Same as Voting to Destroy America

Special Report

Democrats' Wide-Open Southern Border

Biden has repeatedly told migrants from south of the border to “**Come on in!**” and to “**Surge to the border!**”

Democrats in Congress cheered as Biden ended construction of Trump’s border wall, cancelled Trump’s “Remain in Mexico” policy and restarted Obama’s “catch and release” program.

Under Biden, more than **9,000,000** migrant invaders have illegally crossed our southern border into America with the approval of Democrats.

With support from Democrats in Congress, the Biden Regime has then been transporting these migrants to communities across America so they can’t be easily found.

The Democrat Party’s catastrophic encouragement of illegal migration to America is costing taxpayers more than **\$451 BILLION** in 2024 alone. It will cost much more next year if Biden is allowed by voters to continue as President and if Democrats hold control of the Senate. Upon arrival in America, this tidal wave of migrant invaders immediately receive . . .

- Up to **\$1,266 per month** on prepaid credit cards
- Free food
- Free housing
- Free college
- Free health care
- Free school

Well, not really FREE. You are paying for all this with your hard-earned tax dollars. These millions and millions of newly arrived migrants are now living better than probably 30% of Americans. Tens of millions of people from around the world will come here for this.

86,000 migrant invaders are military-age males from the **Middle East**. According to a report by the U.S. Senate Homeland Security Appropriations Committee, **269** men on the “**Terrorist Watch List**” have been apprehended at the border. This is a ten-fold increase since 2021. We don’t know how many on the “**Terrorist Watch List**” have entered America through the southern border undetected.

Biden and Democrat Policies Produce Skyrocketing Violent Crime

As a result of the Democrats and Biden’s wide-open border, violent crime rates have risen to the highest levels we’ve seen in decades. Violent drug cartels are flooding America’s communities with drugs and violence. More than 120,000 Americans are dying each year from Fentanyl overdoses.

Double the number of Americans are dying each year from Fentanyl than died during the entire 10-year Vietnam War. Joe Biden and Democrat Party leaders say nothing about this.

America has also become the human trafficking capital of the world under Joe Biden and Democrat policies. More than 200,000 people are sex slaves in America, many of them children – as a direct result of Biden’s and the Democrats’ open border.

All this chaos and mayhem is created by Joe Biden and the Democrats’ wide-open Southern border, which is on purpose and by design.

Biden and Democrats Have Opened the Border on Purpose to Create Tens of Millions of New Voters for Socialism

Biden’s wide-open southern border is by design and on purpose. It’s the key pillar in the Democrat Party’s strategy to create tens of millions of new voters for socialism, and to make the Democrat Party America’s permanent ruling party – similar to the Communist Party in China.

If the Biden Regime gets another four years in office and if Democrats hold the Senate, they will be able to transform the American electorate so that a conservative will never again be able to win the Presidency.

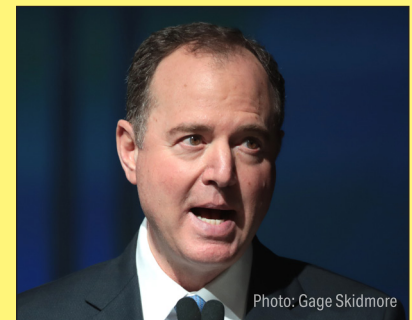

Biden’s Afghanistan Disaster

Joe Biden created this biggest military and foreign policy humiliation in America’s history with his sudden disastrous and incompetent withdraw of America’s forces from Afghanistan in April of 2021, which produced 13 dead American soldiers and turned control of that enormous country to the America-hating and brutal Taliban terrorists.

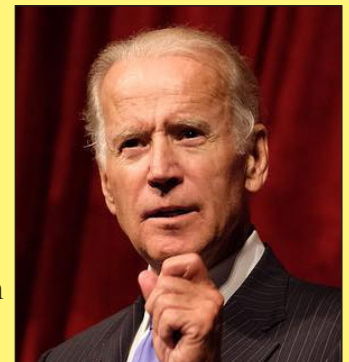

Biden left \$83 Billion of U.S. weaponry in the hands of the Taliban terrorists, along with the Bagram airbase

Senile Puppet President

Biden's Ukraine War Disaster

Russia dictator **Vladimir Putin** watched the Biden Regime's stunning incompetence in Afghanistan and quickly began amassing forces on the Ukraine border. Then in a press conference on January 19, 2022, Biden was asked what he would do if Putin invaded Ukraine. Biden said it would depend on what type of invasion and said a "**minor incursion**" might be acceptable. Five weeks later, Putin invaded Ukraine.

Putin would not have dared invade Ukraine if Donald Trump were President instead of Joe Biden.

China Threatens to Conquer Taiwan

China's Communist regime also saw Biden's weakness and incompetence with the Afghanistan disaster, so is now openly promising to conquer Taiwan.

This would collapse the world economy because companies based in Taiwan make 67% of the world's computer chips and 94% of the world's most advanced computer chips. China would not be threatening to invade Taiwan if Donald Trump were President instead of Joe Biden.

Middle East in Flames Under Joe Biden and Because of the Anti-Israel Stance of Today's Democrat Party

Donald Trump's "Peace Through Strength" policies produced an era of relative peace and calm in the Middle East. Under Biden, the Middle East is in flames again.

This is happening because Biden's display of weakness and incompetence on Afghanistan and elsewhere encouraged Iran and Islamic terrorist organizations. ISIS, al Qaeda, Hezbollah, Hamas and other anti-America terrorist organizations are on the rise and on the march again. We witnessed the terrorist attack on Israel on October 7, 2023, by the Iran-backed Hamas organization. Now Iran has attacked Israel.

Biden has funded Iran's war on Israel, releasing more than \$600 Million to Iran that President Trump had frozen. Biden has also been trying to restart Obama's disastrous nuclear deal that President Trump cancelled. Now we learn that an Iranian spy ring has been working inside the U.S. State Department forming U.S. policy toward Iran. Democrats in Congress are now openly siding with Iran and the terrorists against Israel.

Biden Takes World to Brink of World War III

Biden's incompetence, weakness and obvious senility have taken the world to the brink of World War III. Compare what's happening now to the era of peace and calm we saw under President Trump.

Cost of Living Increases 22.5% Under Joe Biden

Under Joe Biden, we have seen the highest inflation rates in 42 years. This is a massive extra unlegislated tax on Americans. Inflation is caused by the government printing TRILLIONS of new dollars each year. Since 2020, the U.S. Federal Reserve has printed \$10 TRILLION in new money and dumped it on the U.S. economy.

Joe Biden and Democrats have taken the National Debt to \$34.5 TRILLION. Joe Biden will add another \$1.6 TRILLION to the National Debt this year. Soon, the National Debt will be \$100 TRILLION.

Interest payments alone on the National Debt are \$1.1 TRILLION this year, which is more than we spend on national defense.

Joe Biden Is Trying to Put his Political Opponent in Prison

Joe Biden is the first President in America's history to attempt to put his political opponent in prison for non-crimes. The Biden Regime is following Soviet dictator **Joseph Stalin's** maxim: "**Show me the man, we'll find the crime.**"

Democrats have been trying to put **Donald Trump** in prison for 7 years. First, the Obama Regime (when Biden was Vice President) used the CIA and FBI to try and frame Donald Trump as an agent of Putin. This is the notorious "**Russia Collusion Hoax**" – proven a hoax by the two-year Mueller investigation, the two-year Horowitz investigation and the four-year Durham investigation.

Then there were the two failed Impeachment Hoaxes by Democrats. Now the Biden Justice Department is prosecuting Donald Trump in two jurisdictions. In case these prosecutions fail, local Democrat prosecutors in heavily Democrat New York City and Atlanta have filed criminal cases.

Democrat billionaire donors are also financing civil lawsuits against Donald Trump. In one case, an insane Democrat judge in Manhattan fined Donald Trump \$450 MILLION without even holding a trial on the merits. Democrat "lawfare" against Donald Trump is relentless. They believe if they prosecute and sue him in enough courtrooms, something will stick. Or they'll be able to bankrupt him and his family. Or they will bog him down so much in these legal battles he won't be able to campaign. Or they will bankrupt him with legal fees.

ACTION STEP: Share this REPORT with your friends, relatives and everyone on your contact list, and on social media . . . because voters won't learn about any of this from the dishonest fake news media.

If every Patriot who receives it shares it with 10-20 people on average, we can bypass the fake news and censorship by Big Tech to put the facts directly in front of tens of millions of voters.

Tell everyone you know that "a vote for Joe Biden or any Democrat is a vote to destroy America."
